PRAYERS

Lori Smit, Karen Zoet, Cathy Birkeland, Taylyn Vander Schaaf, and Carol Nielsen are undergoing cancer treatments.

Hester De Jongh was recently diagnosed with a treatable form of non-Hodgkin's lymphoma. After further testing, Hester has been diagnosed with a rare form of leukemia. At this time, she is having treatment at Avera oncology. Visitors are welcome as long as they are feeling well and willing to mask up. Thank you so much for your prayers.

Update on Carol Nielsen: Carol's January CT scan and blood work were all good. The tumors that are there continue to shrink. Carol thanks you for your prayers.

Last summer we prayed for Sid Peterson. A tractor accident mid-July caused severe head trauma. He has proven the doctors wrong in their estimation of how much work he'd be able to do. With help from his sons, he harvested corn and he is driving again. Sid is thankful to everyone who prayed for his recovery.

Cory Bloemendaal is deployed to the Middle East. Brittney can give you his address.
